Dear Droners & Lovers of the UN-LIMITED music!

Here are our new mailorder-entries & release-news for September 2008, the sixth "Newsflash"-update this year !

First some label-announcements: Just out is a new release in our 10"-series:

SUB-08: HUM - The Spectral Ship 10" (Substantia Innominata SUB-08) € 12.00

two great new pieces by this insider tip from Russia, most sensible & emotional drone-ambience, a graceful dance of acoustic reflections & resonances; edition of 500 on silver-coloured vinyl, full colour sleeve design by DANIEL CROKAERT / MYSTERY SEA !!

In the works are the following new Drone-EPs (pre-order possible):

DR-93: OVRO - Horizontal / Vertical 7" (intense subconscious landscapes & surrealistic schizophrenia-drones by this female Finnish artist)

DR-94: ARTEFACTUM - Sub Rosa 7" (pure mystic beauty-drones from Poland)

DR-95: INFANT CYCLE - Secret Hidden Message 7" (long-time active Canadian project with intelligently made hypnotic drone-circles)

In this update you find the brandnew collaboration-album of REUTOFF & TROUM (do-LP version to be followed soon), many new & rare releases from the exceptional british "abstract noise"-project MLEHST, the four first releases in a new vinyl-series on TABLE OF THE ELEMENTS, a rare post-mortem LP release of STABAT MORS & MSBR, an amazing installation-project named "Radiodrama" by italian artist PIETRO RIPARBELLI, lots of great new stuff on BETA-LACTAM and SILENTES out, the back-catalogue of LPD, a beautiful vinyl-edition of the crazy NWW / FAUST "disconnected" album, new releases by JARL (much underrated swedish dark-drone project), some crazy new V.O.D. boxes, some 2nd hand surprises, and and and.....

As always, pre-orders & reservations are possible. Most of the titles listed are in stock, others are backorderable quickly.

The FULL mailorder-backprogramme is viewable (with search- & orderfunction) on our website www.dronerecords.de.
