SUB-07 • OÖPHOI - Potala

"Potala" is the first ever vinyl by the Italian deep ambient master! This 10" presents two long contemplative tracks into the center of holy places (may it be physically or mentally), opening endless spaces with low humming & reverberating meditation-drones!

"Potala is the name of the big palace of the Dalai Lama in Lhasa, Tibet. A big palace surrounded by mighty mountains which has been the center of the tibetan Buddhism until the chinese invasion. A palace full of mysteries. This music is a kind of tribute to the tibetan culture...."

Edition of 500 copies pressed on luminous green vinyl, full-colour artwork by 1000SCHOEN aka ex-MAEROR TRI-member HELGE SIEHL!

LATEST RELEASES / LABEL-CATALOGUE:

SUB-06 • RLW - Contours Imaginaires

A terrific 3-track 10" by the prolific german composer RLW. The whole composition is based on only few seconds of piano-sounds and vocals (the rest is "imagination") and the track-titles & pieces offer strong inter-relations in a complex way. The used sounds develop through imagination & decay ("denaturing transformations") and appear in the pieces with different emphases. The "classical" piano-sounds and its highly processed permutations are set in contrast with the highly emotional voice-material, like entering a convoluted labyrinth of voice-frazzles, drones & fragmented strange sounds..... Being on a microlevel ("phantasized cell"), judging the decay of shadows. Are these the memories of single cells? The shadow of abrasion-processes? The slow decay of imaginations? A fantastic work where conceptual thoughts and emotionally driven acoustics merge in a perfect way. Artwork by Oliver Jakobi.

SUB-05 • BIG CITY ORCHESTRA - Drone Gnomes

Acoustic trance by San Francisco's great masters of obscure atmospheric noises... artwork by well-known illustrator Mike Dringenberg !!! Light blue colour vinyl with special marmor-effect, 4-colour covers & labels !

"...Als ob das gestaltwandlerische, aber doppel-x-chromosomenstarke BCO und seine ungooglebare Konstante namens Das bewusst ihre sarkastische und parodistische Neigung gebremst hätten, um dem Substantia Innominata-Konzept mit zwei Arc of Infinity-Trips Referenz zu erweisen, einer pulsminimalistischen rituellen Session mit accelerierender Percussion und Engelsingsang und einem dröhnminimalistischen Tauchgang in die Grey Matter selbst." [Rigobert Dittmann, Bad Alchemy]

SUB-04 • CISFINITUM - Devotio

The fourth volume in our new series comes from one of the currently best projects of the russian experimental-atmospheric / drone / post-industrial-scene. Main force behind CISFINITUM we find Evgueny Voronovsky, an educated violinist from Moscow. CISFINITUM is a notion by russian poet & writer DANIIL CHARMS, meaning the „logic of the infinite non-existence“, that „something“ that is beyond all rational things. DEVOTIO uses monumental bell-sounds that build complex overlappings & hypnotic drone-waves in various layers, dissolving into pure vibrations. To us It sounds like a journey into the heart of the sacral, pointing at a sphere of transcendence where all questions end. Or begin again. Comes on white vinyl and with great artwork by Berlin-based artworker TILMANN BENNINGHAUS.
