

SUBSTANTIA INNOMINATA

"Substantia Innominata" is the 10" VINYL - series by Drone Records, presenting works inspired by or related to "the Unknown" around or within us. OUT NOW (May 2013):

SUB-18 • COLUMN ONE **"AntiphoNA"**

"ANTIPHONA AD INTROITUM"! Finally on SUBSTANTIA we can present to you the highly regarded German masters of experimental dadaism & deconstruction, whose releases are always a thoughtful play with hidden meanings, conceptions & contradictions: "*Learning to play. Disorder. Destruction of programmed Solutions. Learning to see.*"

COLUMN ONE is a long existing collective of multimedia artists hailing from the Berlin-area with frequently changing members; their performance & artworks are as important as the music (see also their impressive website: www.column-one.de). On this mysterious 10" you will discover two pieces that sound completely different: ANTIPHONA is a bewildering work of musique concrete, changing between very fast moving collages and quieter parts, always surprisingly fractured, using an amazing quantity of different sound-sources of all kinds. The second piece INTROITUM is a meditative overtone bowl-drone recorded at the legendary "Sibirische Zelle" in Berlin with three microphones in three different rooms, resulting in strange sound-effects and audio interactions. Both tracks can be regarded as anthiponies forming a single whole.

For us these are metaphors for the emergence of the "Irrational" and "Sacred" in the daily profane lives, using notions from religious scopes in a new context. Side A ends in an endless groove, the artwork comes from SEAN HILLEN, pressed on *bleak* vinyl in an edition of 500 copies.
