ATRIUM CARCERI

The Untold (CD, 2013, Cryo Chamber CRYO 005, €14) —newest album by this favored Swedish dark ambient act (previously on Cold Meat Industry), presenting a post-apocalyptic and otherworldly trip into the remains of long forgotten mysterious cultures, very eerie and cinematic and with an open edge for experiments and rougher sounds, this really crosses genre borders and creates an often breathtaking atmosphere...

Seishinbyouin (CD, 2017, Cryo Chamber CRYO 052, €135) — re-issue of A.C.'s second album from 2004 (Cold Meat Industry) - a strong horror- & nightmare- filled dark ambient soundtrack... " a violent journey through haunted mental asylums, ripe with the cries of the lost and the damned. Kapnobatai (CD, 2017, Cryo Chamber CRYO 055, €13.5)— ATRIUM CARCERI is surely one of the most consistent dark ambient projects around, always with a strong 'cinematic' or 'narrative' influence; KAPNOBATAI was the third album, released in 2005 by Cold Meat Industry, and sees now finally a re-issue: "Electronic dark ambient industrial, slow & droney

& machine-like pulsating, breaths & choirs & dishumaned voices, very cold & isolated, rather song-structured, powerful, creating a dense eerie horror atmosphere.... really impressive!" [Drone Rec. info]

Aneira (CD, 2013, Glacial Movements GM017, €13) —absolute enchanting 'glacial' ambience, very subtle - melancholic, not from this world!; an album of great beauty and we think a masterpiece in AIDAN BAKERs discography !

The Sea swells a bit (do-LP, 2015, Ici d'ailleurs Mind Travels Serie MT 03, €20) —the first release in the new "Mind Travels" series of this French label is a vinyl re-issue of AIDAN BAKER's stunning album from 2006 => three long tracks about the deepsea, the ocean, dying sailors, dense & inapproachable, dark & mysterious, working with mesmerizing layers & circles of long guitar loops, arising in slow Crescendos... beginning with track 2 smooth percussion & bass-grooves are pervading the drones, the whole gets slightly psychedelic... comes with new artwork & live bonus track!

Same River Twice (7inch, 2015, Drone Records DR-68 / 2nd, €7.5) —finally the re-edition of one of the most beautiful Drone EPs (both in sound & artwork) is out, more than 10 years after its first appearance this was the also the very first VINYL release of AIDAN BAKER => two pieces of shimmering guitar drone harmonics, with titles inspired by literature phrases; filed under: Poetic & trancy day-dream-drones ~ lim. 300, colour vinyl, new artwork by AIDAN himself !!

The Confessional Tapes (LP, 2015, Pleasance Records PRO44, €21) —ten 'experimental' songs with a very intimate & somehow odd fragmented character, based on old recovered files once lost in a harddisc crash, recorded back in Canada years ago... this evokes a very special atmosphere, suspended drone-jazz with subtle vocals & whispers.... "drifting between slowcore, dreampop, abstract jazz, and glitchy electronica."

Element (CD, 2015, Teta-Morphosis tm03, €12) —first re-issue of the very first AIDAN BAKER solo CDR from 2000, with recordings already made 1997/1998 => 5 pieces of slow moving, guitar-based ambient drone waves, more abstract and experimental as his later works... these evocative string sounds seem to breath, and produce a wonderful dance of resonances... what a great debut album!! 60 min. playtime, lim. 500

Half Lives (do-CD, 2015, Gizeh Records GZH61CD, €165) — two seperate albums that shows AIDAN BAKER as singer and songwriter, loosely based on improvisations but from then formed into constructed pieces => wonderful airy and most ethereal Jazz influenced songs, super slow and melancholic smooth post-rock, often sounding hazy and dreamy, almost wavering, with AIDAN's soft voice above = a wonderful album !

Hypnotannenbaumdronefuzz (MC, 2018, Low Perspective Eight, €9) —tiny cassette edition (C-45, 50 copies) of a digital release from Broken Spine Production - three tracks of "droning vaguely ethno-ambient jazzy psych rock" - as often with AIDAN BAKERs solo work, genre boundaries dissolve and merge, this sounds very open, wide and subtle jazzy to us, mildly melancholic and perfect for hot summer days.. all guitars, percussion, drums, bass and synth sounds performed by AIDAN BAKER..

Vergessene Träume (LP, 2018, Ikuisuus IKU-052, €15)— *musically the most 'accessible' LP of BALDRUIN so far, a strong melancholic undertone is present on all of those 13 miniatures, that could form together a long forgotten introspective film soundtrack from the 70's, often based on ancient sounding synth-patterns and sequencers, but there also acoustic instruments used and more playful and surrealistic elements... imagine the intimate melodic moments of LEGENDARY PINK DOTS or TANGERINE DREAM, appearing in an odd dream.. lim. 250*

BALESTRAZZI, SIMON

Ultrasonic Bathing Apparatus (CD, 2015, Sincope SIND031, €10) —*SIMON BALESTRAZZI (T.A.C, DREAM WEAPON RITUAL, KIRLIAN CAMERA, etc. and also part of the great "In Memoriam J.G. Frown (CD, 2014, Attenuation Circuit ACU 1001, €10)— *after almost hundreds of CD-R releases this is the very first "fabric pressed" CD of this very open-minded German label, with new recordings by EMERGE => "Frown" is a rumbling dark drone journey in three parts that seems to go deeply into the abyss, into a underground mining or sewerage system, using gurgling water sounds, metallic winds, breaking rocks, mechanical machine loops... where no traces of humans are to be found; great ultra dark musique concrete (no synthetic sounds used) !!*

Fraud (CD-R, 2016, Attenuation Circuit ACK 1011, €6) — *on "Fraud" EMERGE offers three long movements of transcension UR drone, effected cleverly to gain an 'amphoric' sound, rectangular metallic washes of noise slowly unfold, into noise, into the naught.. definitely one of the best release of EMERGE we came across so far, lim. 50, prof. printed cover & duplication !!*

Narcoses (CD, 2017, Attenuation Circuit ACU 1012, €8) — *drops and rays of deep bass sounds and morphed frequencies build sluggish cascades of an eerie nature, only gradually structures appear which could form some kind of ultra slow motion rhythms, but the brain can hardly recognize this...one of the best EMERGE albums so far, a different kind of bleak ambience, any LUSTMORD fan should test this out! Sibling Lovers (LP, 2017, Silken Tofu STX 57 / Trait Records TRT 005, €18) —*stunning debut LP of this Australian industrial rock formation, aggressive tracks with tortured vocals, bass/guitar, electronics and tribalistic percussion, in the way of old SPK, NEUBAUTEN, MISSING FOUNDATION, etc.. Waiting by the River (CD, 2016, Klanggalerie gg214, €14) —*RAPOON as you have never heard it before: this is a collection of "songs", with electro-beats, vocals, instruments, guitars, samples, all arranged in the typical hypnotic RAPOON style but still sounding completely unexpected, thematically based on the decline of the "booming 60's" that were filled with huge optimism, but ended up in today's miserable state of the world... a very political, sad and also ironic album about the triumph of capitalism and delusions..*

The Kirghiz Light (3 x CD , 2016, Zoharum ZOHAR 122-2, €19) —*re-issue of this classic RAPOON beauty from 1995, a very meditative double album with angel-like choirs... now with bonus CD "Our calling Light" remixed from the original 4-track material ! Edition of 500 copies*

The feel is one of ceremonial celebration and ritualistic joy. A ray of shining hope in the lives of a forgotten people." lim. 300*

double digipack, lim. 500

Airstrikes / Easterly Moon (do-CD, 2018, Zoharum ZOHAR 156-2 / 2 B , €18) — *AIRSTRIKES is an album with lots of 'oriental' or fake-ethno elements, harmonies and trance-rhythmic movements, drenched in dream-like echoes (the living environment of humans?), ruptured at times by cold vocal material (the world of machines and destruction?), an excellent RAPOON album with narrative edge; this special ed. has a full live CD "Easterly Moon" with a recording from Warsaw March 2017 (45+ minutes) with completely different material; lim. 100*

Funeral Parties (LP, 2016, Musica Moderna MM014, €16) —*for his "Funeral Music" project RLW has taken sound snippets from the European tradition of composed Funeral Music (i.e.: ANTON WEBERN, HÄNDEL, SCHUBERT, PURCELL, SIBELIUS...) and transformed these with the help of BHOB RAINEY (saxophone sounds) into seven unsettling, deranged and fragmented tracks... => surrealistic, collaged music that sounds if it would come out of a very DIFFERENT dimension, intense !! Edition of 200 copies*

Flurry of Delusion (CD, 2016, Black Rose Recordings BRCD16, €13) —*"Nothing is quite what it seems to be" is the maxim of this new RLW-album, as usual it's difficult to describe or classify these compositions as they seem to exist between or beyond all known genres, but always keep a challenging and surprising experimental character; this is somehow chopped and scrambled music, consisting of strange sounds from instruments, objects, machines or electronics....*

Störungen (LP, 2016, Psych.KG Psych.KG 233, €20) —*after the great "Funeral Parties" LP here's another stunning work with a complete different focus: the sounds of 'resonating bodies' are used and transformed into crooked acoustic beauties, everything seems to be warped and heavenly deranged here, all related also to mental disorders.. lim. 150 copies; "Erneute musikalische Zuckungen führen zu Reibungsverlusten, durch Hirnrisse zischt und sirrt es, der azaphalische Körper leckt. Und vice versa. Kein Mensch ohne dys" [Bad Alchemy]*

RLW + SRMEIXNER

Just like a Flower when Winter begins (CD, 2013, Monotype Records mono060, €13) — *weird & very experimental but at times also beautiful droney collaboration recordings (2010-2013) by RALF WEHOWSKY (P16.D4) and STEPHEN MEIXNER (CONTRASTATE), going new paths using German poetry and masses of deranged german SCHLAGER & lots of other spoken word material mixed with all kinds of bizarre found sounds.. great collage/plunderphonic music where anything can happen in the next few seconds.... funny, surrealistic, mind-explosive !*

RLW + TITO

Mahlzeit (CD, 2008, Hinterzimmer Records HINT 03, €13)

RLW / PAAK

Zur Arbeit I (LP, 2016, Attenuation Circuit ACW 1004, €17) — *already the third collaboration by RLW with PETER KASTNER aka PAAK, this time on the subject WORK: on three pieces called "Schnaps" (booze), "Kantine" (canteen), and "Gerberei" (tannery) they distill the typical sounds from these "areas" of work in the 19th, 20th, and 21th century with a sarcastic and at times dadaistic approach, using harpsichord, mellotron, rhythmbox, voice and field recordings; a very curious record to say the least !! Lim. 300 colour vinyl & inlay*

Nebelwald (CD-R, 2016, Mbira Records mbira 99/78 mbnt., €12) —this long one-tracker with very amorph and ultra smooth, somehow harmonic drone-clouds is the perfect soundtrack for experiencing a foggy and silent forest in late autumn... tiny concrete sounds appear in the mix, but the mystery is never unveiled... 60+ min playtime

Zwischenwelten (CD, 2016, Winter-Light WIN 006, €13) — this release shows SEETYCA further exploring and enhancing romantic 'intermediate worlds', for the nine compositions diverse guest-musicians (THOM YEESLAND, JULIAN ECKSTEIN, KRIS CAELIS) helped and many 'real' instruments were used (ocarina, zither, acoustic guitar, trombone), forming gracious, deeply multi-layered drones full of beauty and width, with tiny sounds and micro harmonies appearing.... definitely one of his masterpieces, 79+ min. playtime

Seetyca 1 (CD-R, 2002, Mbira Records mbira 0001/1 xprmntl, €12) —"Fraktalmiasmen" - for the first time in our catalogue, a special ed. of SEETYCA's very first album from 2002, processing classic samples, synthetic sounds and concrete noises by granular synthesis, much more experimental, fragmented and playful than his later ambient-drone works... 8 tracks, 70+ min., comes with laminated colour cover & hand-labeled CD-bodies

Mbira 2: Facades (CD-R, 2017, Mbira Records mbira 100/79 mbnt, €12) —Installation Music for a concert at Stadtbibliothek Gera, Germany, Sept. 2015 => various sound sources from previous mbira releases shape a long, 80 min. dense, anti-monotonous dream-ambient piece, going through various stages and atmospheres, a phantastic journey! this handmade edition comes with laminated colour cover and manually labeled CD bodies

Seetyca 2 (CD-R (MP3!), 2002, Mbira Records mbira 0002/2 xprmntl/1 mbnt , €18) —the second ever SEETYCA release from 2002 contains 4 hours (!) of material on MP3, among the 4 tracks are the ultra long "Dionysospassage" (107 min.), and "Borobudor Processoin" (117 min.); this was the time when seetyca began to construct very long, underworldly, transcending pieces with repetitive and percussive character for big halls or exhibitions, reminding on old HYBRYDS for example... highly recommended! comes w. handmade / laminated cover

Seetyca 3 (CD-R, 2002, Mbira Records mbira 0003/3 xprmntl , €12) —the beginnings of SEETYCA were very daring and (using granular synthesis) electronic, "seetyca 3" contains probably the most experimental material we know, a maxi-CD (4 min) with two short tracks, plus a 74 min (!) hidden track => pure sinus / electronic tone sounds and formations, processed and morphed endlessly, creating incredible strange sound figures when they collide..... comes on a handmade laminated & labeled CDR

Remnants of Carbon Beauty (do-CDR , 2005, Mbira Records mbira 0040/26 mbnt , €19.5) — the audio material on CD 1 was recorded for a CD-ROM project of the paleontologic museum of the university of Tübingen, CD 2 contains "remnants of the mesozoic", again seetyca imagines and immerses himself deeply into the pre-historic aeons of our planet earth, when human existence was thousands of years away... comes with laminated colour cover & hand-labeled CD-bodies

Seetyca 4 (CD-R, 2002, Mbira Records mbira 0006/2 mbnt/1 lctrc , €12) —*the fourth proper early SEETYCA release (recorded 2002) leads into already more droning and spheric areas, without losing its touch for true experimentation; 7 tracks with the central "PHLOX" (25 min), pure electronic landscapes that build bubbles and waves with subtle explosions underneath, repetitive glitch sounds with weird quasi-beats, loops that fray out and become porous... not the usual ambience here at all, comes with laminated colour cover & hand-labeled CD-bodies*

Remnants of Silurian Beauty (CD-R (MP3!), 2002, Mbira Records mbira 0007/3 mbnt, €14) — *extended MP3 - edition (108+ min. playtime) of this long, dark meditative piece setting the listener into a pre-historic aeon, using lots of animal samples and metallic drones, bell sounds and coirs; a wondrous, mysterious piece and atmosphere... this extended edition has 30 min. bonus material (two pretty experimental pieces with studies of the same basic material) not on the first edition; comes with laminated colour cover & hand-labeled CD-bodies*

Dühringa Aorta 2 (CD-R, 2007, Mbira Records mbira 0055/41 mbnt , €12) —*following album to the great "Dühringa Aorta" from 2005, now the voice of seetyca is the only sound source for seven new tracks, which is hardly believable => repetitive forms of beatless phaser tube sounds, subtle harmonic tone elevations, kind of bell-ringing acoustics, and cryptic titles such as "Guyrolaisthan" or "Sæquoina"; this album shows impressively seetyca's ability to create a very own kind of oneiric ambience drift.. one of our favourites, highly recommended!*

Dühringa Aorta 3 (CD-R, 2012, Mbira Records mbira 0079/60 mbnt. , €12) —*five years after pt. 2 this is the third part in the favored "Dühringa Aorta" series, again all seven tracks are based entirely on voices (by seetyca himself, MARI SOLARIS, and the OPEN VOICES CHOIR, Hamburg) - ultra spheric voice drones and walls merge with digital sounds and arrangements.... comes with laminated colour cover & hand-labeled CD-bodies*

Winterlicht (CD, 2017, Winter-Light WIN 011, €13) —*"A Drone in my Head" - already the third SEETYCA album for Winter-Light, dedicated to winters light and snowy landscapes, a perfect background for SEETYCA's skills to create lengthy, cold-melancholic (but not depressive) ambient clouds, almost 80 min playtime... "The play between light and dark, the subtle use of environmental sounds and carefully chosen instruments, played by a stellar array of Seetyca's friends, is what makes this album truly engaging."*
